Jesus, he's the king – Jesus, he's the king

Over the hills of two thousand years
His light is shining bright
Through dust and dawn the rebel's voice
Still is sounding right

In his name we live and pray
He's the king, hear what I say

Jesus, he's the king – Jesus, he's the king
Jesus, Jesus he's the king

We know the story of his life
It's written down in every way
Two thousand years is a long, long time
He still lives until this day

In his name we sing and pray
He's the king, hear what I say

Jesus, he's the king – Jesus, he's the king
Jesus, Jesus he's the king
