

RIGHT ON – LET YOUR BODY MOVE

Words & Music: Inga Rumpf

I dig that rhythm, it feels so nice
It's getting down like sugar and spice
I like it funky, I like it cool
Come on, let your body move, don't be a fool

Right on – let your body move
Right on – get down to the groove
Right on – put your head up high
Right on – let your spirit fly

You treat me like a lady, you make me feel all right
Yeah, I wanna be your baby for tonight
You know I like it funky, I like it cool
Come on, let your body move, don't be a fool

Right on – let your body move
Right on – get down to the groove
Right on – put your head up high
Right on – let your spirit fly

Yeah - nice and sweet
Easy – my head and my feet
Funky – let your body move
Get down – get down to the groove
