

What Is A Handful Of Gold

Words & Music: Inga Rumpf

We walked in the shadow
We walked in the sun
Red glow in the evening
Soon the night will come

A golden ring on my finger
Shows that I'll be loved
And all our dreams and memories
Are good when times get rough

Tell me my sweet darling
Tell me angels above
What is a handful of gold
When I can't touch your love

We walked through muddy water
Climbed up mountains so steep
We crossed tossing bridges
Over valleys so deep

Come on my sweet darling
Hear me angels above
What is a handful of gold
When I can't touch your love

Please, my sweet fortune
Help me angels of love
What is a handful of gold
When I can't touch your love

What is a handful of gold
When I can't touch your love
